

XOLANI MVANA

SOFTWARE/WEB DEVELOPER

PROFILE

I am a passionate and purpose driven software/web developer with robust problem-solving skills and experience in creating and designing software in a test-driven environment.

EDUCATIONAL TRAINING

WeThinkCode_
NQF 5 Software development

CodeYouFuture
Web Development

SKILLS

Coding Languages

JAVA, YAML, JavaScript,
HTML/CSS, Python.

Frameworks

AngularJS, bootstrap, Express.js,
JQuery.

CAREER SUMMARY

At WeThinkCode_ , I gained expertise in Java and Python, and I am experienced in TDD and BDD methodologies for testing and client-server architecture, where we used SQLite database to store related http responses. I have also set up CI/CD pipelines using GitLab, worked with makefile and learned JavaScript, DOM, React.js, HTML5, CSS, and Git at CodeYourFuture. I have also gained knowledge in containerization tools like Docker and orchestration platforms like Kubernetes, demonstrating proficiency in modern DevOps practices. I also practised the agile method, programming in an existing codebase to change the functionality of the system or to add new functionality.
